E.S. Cornwall Memorial Scholarship

For engineering graduates to gain experience abroad

The E.S. Cornwall Scholarship enables engineers to gain experience abroad in the electricity industry, and is open to engineering graduates from all Queensland Universities.

The Scholarship was established in 1956 as a memorial to Edward Satchwell Cornwall, general manager and director of the Southern Electric Authority of Queensland. Throughout his career as a senior executive he remained a very strong advocate of international experience and university training for professional engineers working in the electricity supply industry.

Through establishing this scholarship, recipients have opportunity to obtain special experience abroad in aspects of the electricity supply industry so that the industry in Australia may benefit by the knowledge and experience thus gained by them.

Value

The scholarship is a living allowance of at least $3,500 per month, tenable for a period of 9 to 18 months, as determined by the successful applicant's proposed program of work and/or study.

"In a profound way, this period has become a reference point in my professional life. Since then I have a broader toolkit and some great contacts. But the value of the experience goes far beyond my work objective."

Frank Montiel
E.S. Cornwall Scholarship Recipient

The benefits:

The E.S. Cornwall scholarship enables graduates to gain experience abroad in the electricity industry, and is open to engineering graduates from all Queensland Universities working in any of the following areas:

- Electricity transmission
- Electricity distribution
- Generation or consulting engineering
- Electrical power equipment manufacturing.

The scholarship is a living allowance of at least $3,500 per month, tenable for a period of 9 to 18 months, as determined by the successful applicant's proposed program of work and/or study.

While preparing a scholarship application, applicants also have an option to consider innovative remote learning mechanism. The applicant's proposed travel must comply with the UQ travel policy, which can be found at www.travel.uq.edu.au
